

## *Supporting Legislation: 1997 - 1998*

**B**ased on the recommendations from its reports, the Little Hoover Commission supported 81 pieces of legislation in nine different policy areas during the 1997-1998 legislative session. In some cases, the bills were outgrowths of recent studies conducted by the Commission. In other cases, the Commission supported measures based on recommendations it made as many as 10 years ago, but remain relevant today.

The Commission withdrew support from 15 bills when amendments made them no longer compatible with Commission recommendations. Of the remaining 66 bills, 37 measures passed both houses of the Legislature, and the Governor signed 25 of those measures. Twelve Commission-supported bills were vetoed.

The Commission's legislative activities during the 1997-1998 legislative session were largely focused on the areas of crime and prisons, education and long-term care. To a lesser degree, there was legislative activity in the topics of child support and general state management. Other subject matters, such as foster care, procurement, and utilities, also received the Commission's legislative attention.

The tables on the following pages describe each bill, organized by topic and in numerical order, that the Commission supported during the 1997-1998 legislative session.
